

CONFERENCE CALL VSZI'17

The Soós Ernő Water Technology Research and Development Center and the Foundation for Higher Education of Kanizsa organize an international scientific conference with the title

WATER AND WASTEWATER TREATMENT IN THE INDUSTRY 2017

Date: 19th October, 2017.

Location: HOTEL KAROS SPA**superior
(1. Alma str. 8749 Zalakaros)**

The conference aims to make the recent national and international results available for the expert audience in the area of water and wastewater treatment and to provide a common platform for experts, researchers and industrial partners. At the conference the Soós Ernő Young Scientist Award will be given for the best students applied in MSc and PhD level categories.

We cordially invite the institutions of higher education, the representatives of the industrial and governmental sector, all the experts and colleagues who are interested in the topics.

The planned conference program:

In the morning plenary sessions will be held in Hungarian, therefore it is recommended for the Hungarian participants. We invite our foreign guests for lunch and for the afternoon programs. In the afternoon session presentations will be given according to different themes in water and wastewater treatment.

The planned conference sections:

drinking water treatment	industrial water treatment
the complex utilization of thermal water	water microbiology
industrial wastewater treatment / recycling facilities	wastewater and sewage water treatment, recovery
new trends in water analysis	poster section

Conference participation: • registration on the info@sooswrc.hu e-mail address by the attached application form

- Conference speakers can register **until 10th August, 2017** by uploading the abstract of their presentation (maximum 800-1000 characters with spaces, based on the sample on the website). The deadline for full paper is: **1st September, 2017** (based on the sample on the website). Each oral presentation is to be 15 minutes long and more 5 minutes for questions and discussion after each presentation.
- Conference visitors can register until **8th October, 2017**.

IV. Soós Ernő International Scientific Conference

WATER AND WASTEWATER TREATMENT IN THE INDUSTRY 2017

The short summaries of the accepted industrial and academic presentations will be published in a conference proceedings, while the full papers on a CD with ISBN number and in the scientific journal of Hungarian Journal of Industry and Chemistry (following the reviewing procedure).

The following table includes the conference registration fees:

	Registration fee until 10 th August 2017	after 10 th August 2017
Author	100 EUR	120 EUR
PhD student, visitor	60 EUR	75 EUR
Industrial stand (2 participants)+ rollup	290 EUR	370 EUR

Price of the gala dinner: 25 EUR

The participation fee includes publication in conference proceedings, access to all conference sessions, conference materials, coffee breaks, lunch, international networking forum, (VAT included).
